August Revisited

It was all hands on deck for the cooking program in August. Shortbread biscuits were made for afternoon tea and created a wonderful sensory experience for all.

Needless to say, the homemade biscuits

Highlights throughout August included weekly visits from Rutherglen Primary students who share their learning, read books, played games and shared their Silky chickens with us for pet therapy.

August Revisited

Our weekly scenic tours take us all over our region, from Rutherglen to Springhurst, Corowa, Wahgunyah, Boorahman and Chiltern. It's always nice to see the changes in our local community and afar. With each scenic tour, we also complete a progress check on the new Glenview building.

Our new activity "Tennis Doubles" match keeps us physically active during the week. Needless to say there are a few laughs and memories shared during the matches.

Art and Craft saw participants get creative by using different methods to create their own unique button tree artwork.

Celebrity spotlight

Olivia Newton-John is an English-Australian singer and songwriter who has won four Grammy Awards in her career. She is an actress as well, known for her roles in films such as the musical 'Grease'. She is also an entrepreneur and an activist for environmental and animal rights issues. In addition, the multi-faceted personality is an advocate for health awareness and has been involved with various charities as well. Born in England, she initially performed in clubs and TV shows. She reached stardom after her Grammy Award winning hits 'I Honestly Love You' and 'Physical'. She has sold around 100 million records worldwide, and has been named one of the world's best-selling artists of all time. Her acting career began with a supporting role in 'Funny Things Happen Down Under'. Years later, she played the lead role in the musical film 'Grease'. The film's soundtrack is one of the most successful ones in history. In 1992, she was diagnosed with breast cancer. She went into remission following treatment and then suffered a relapse in 2017. She is an advocate for breast cancer awareness and raised a significant amount of funds to establish the Olivia Newton-John Cancer and Wellness Centre in Melbourne.

Childhood & Early life

Olivia Newton-John was born in Cambridge, England on 26 September 1948. Her parents were Brinley Newton-John and Irene Helene. She was the granddaughter of Max Born, a Jewish Nobel Prize-winning physicist, who had fled with his family to England from Germany to escape the Nazi regime. Her father was an MI5 officer during the World War II. After the war, he served as a headmaster at Cambridgeshire High School for Boys. Olivia is the youngest of three children.

Her brother Hugh became a doctor and her sister Rona became an actress. When she was six, the family migrated to Melbourne, Australia, where her father was a professor of German at the University of Melbourne. She attended the Christ Church Grammar School, and later the University High School. She formed a short-lived girl group at the age of fourteen and they often performed in a coffee shop which was owned by her brother-in-law. Eventually, she started performing in radio and TV shows. Her first single was 'Till You Say You'll be Mine' which was recorded in Britain for Decca Records in 1964. The next year, she made her acting debut in the Australian TV film 'Funny Things Happen Down Under'.

What is a Grandparent ??

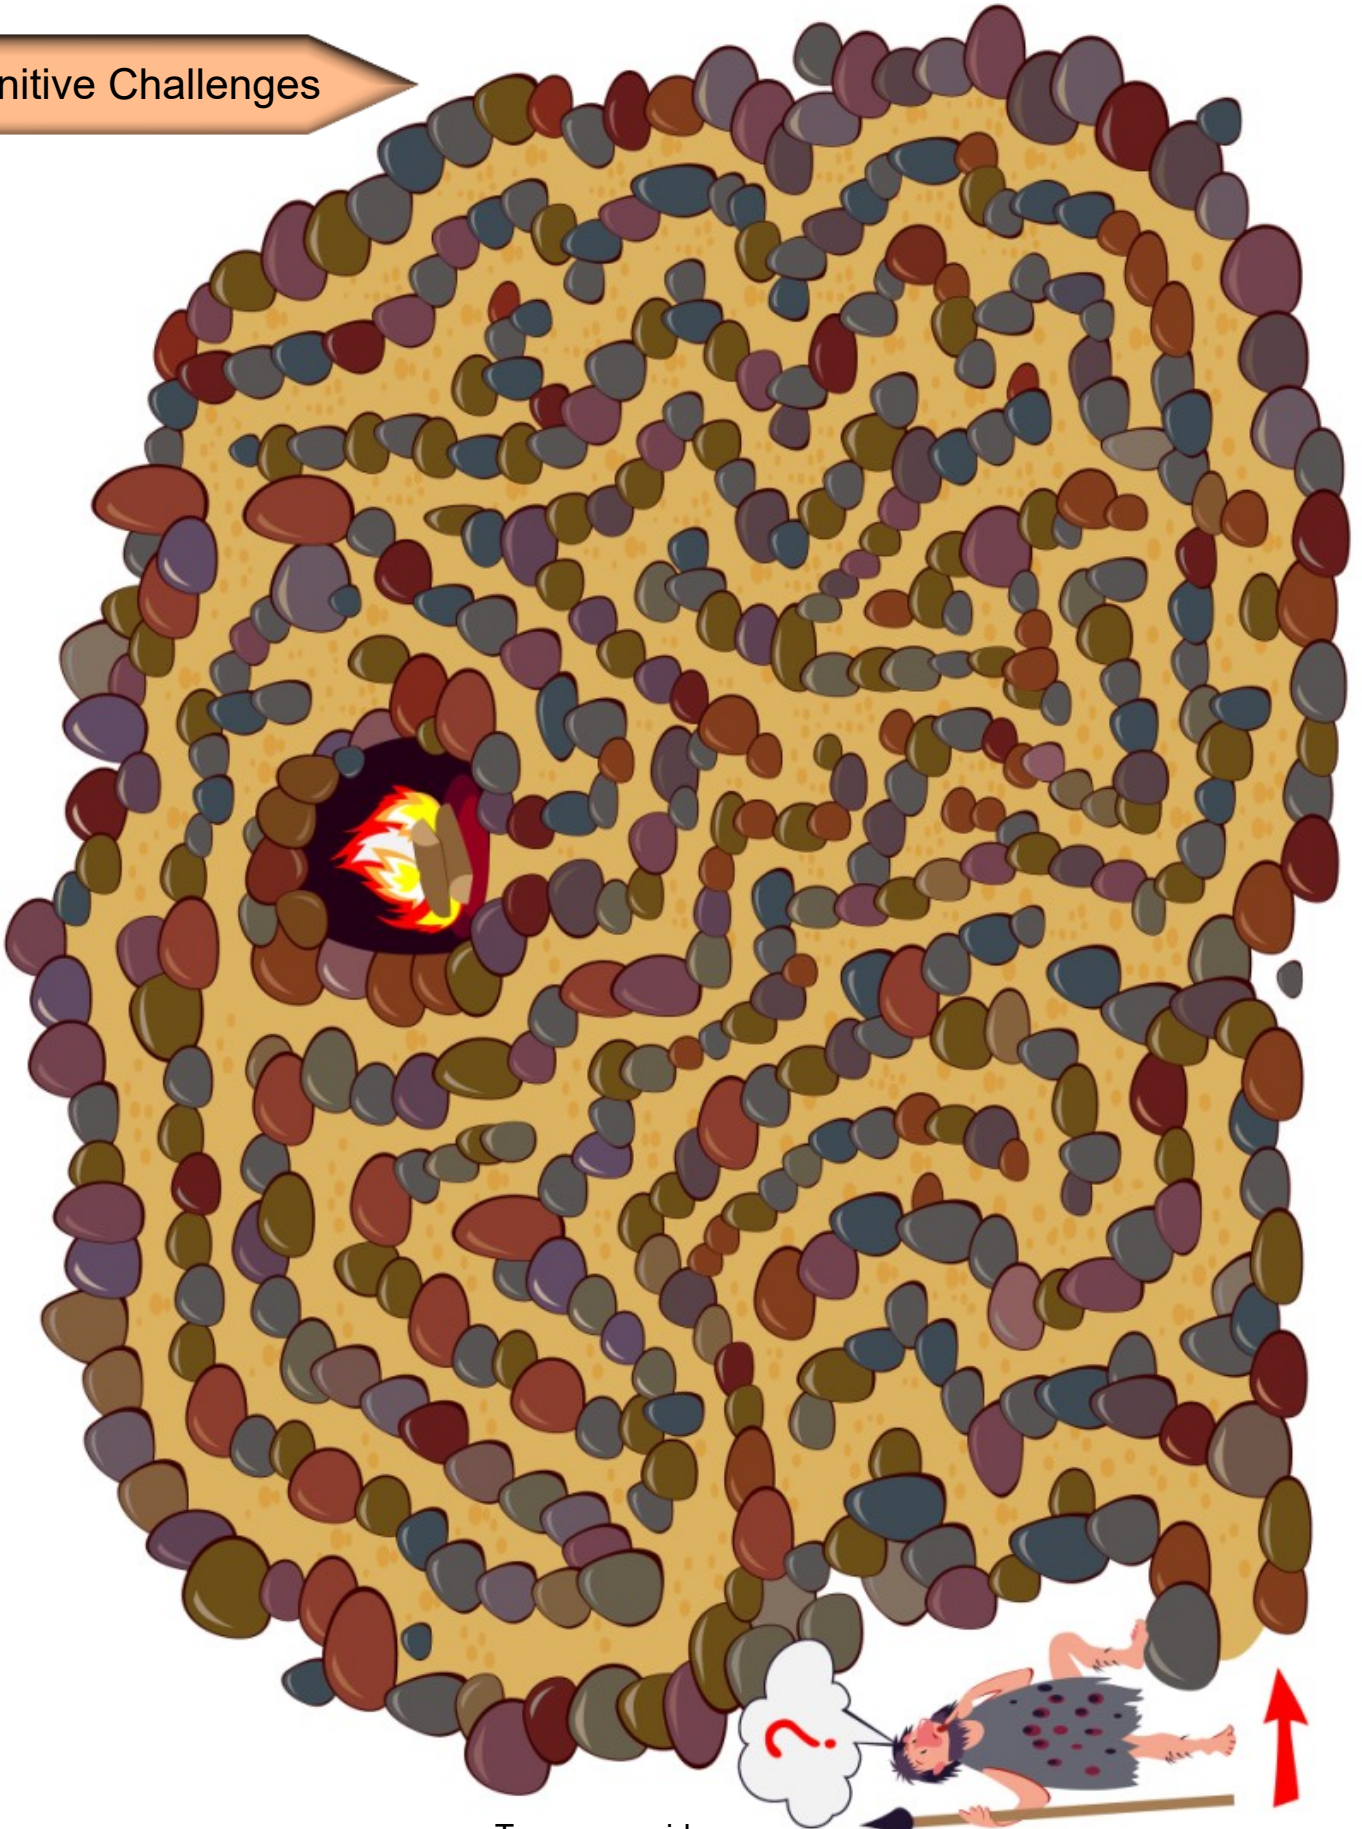

(Taken from papers written by a class of 8 year old children)

- Grandparents are a lady and a man who have no little children of their own. They like other peoples.
- A grandfather is a man, and a grandmother is a lady!
- Grandparents don't have to do anything except be there when we come to see them... They are so old they shouldn't play hard or run. It is good it they drive us to the shops and give us money.
- When they take us for walks, they slow down past things like pretty leaves and caterpillars.
- They show us and talk to us about the colors of the flowers and also why we shouldn't step on 'cracks.'
- They don't say 'hurry up.'
- They wear glasses and funny underwear.
- They can take their teeth and gums out.
- Grandparents don't have to be smart.
- They have to answer questions like 'Why isn't God married?' and 'How come dogs chase cats?'
- When they read to us, they don't skip. They don't mind if we ask for the same story over again.
- Everybody should try to have a grandmother, especially if you don't have a television because they are the only grownups who spend time with us.
- They know we should have a snack before bedtime, and they say prayers with us and kiss us even when we've acted bad.
- It's funny when they bend over; you hear gas leaks, and they blame their dog.

A six year old was asked where his grandma lived.

"Oh" he said, "She lives at the airport, and when we want her, we just go get her. Then when we're done having her visit, we take her back to the airport."

Why God Gave Us Friends

*GOD Knew That Everyone Needs
Companionship And Cheer,
He Knew That People Need Someone
Whose Thoughts Are Always Near.*

*He Knew They Need Someone Kind
To Lend A Helping Hand.
Someone To Gladly Take The Time
To Care And Understand.*

*GOD Knew That We All Need Someone
To Share Each Happy Day,
To Be A Source Of Courage
When Troubles Come Our Way.*

*Someone To Be True To Us,
Whether Near Or Far Apart.
Someone Whose Love We'll Always
Hold And Treasure In Our Hearts.
That's Why God Gave Us Friends*
